PROUD GRAD

Kylie was quick to thank her mom for making high school “as normal as possible for me.” Yet a source close to the family says education was never a priority: “She’s far more interested in thinking about what to wear to get attention.”

THE CAP!
THE GOWN!
THE PUSH-UP BRA!

Kylie Jenner's

DIPPY DIPLOMA

THE YOUNGEST KARDASHIAN GRADUATES FROM INTERNET HIGH.

THE girl who once declared, “Try getting to know someone before you make assumptions!” has completed her high school education. Back in August 2012, in an episode of *Keeping Up with the Kardashians*, **Kylie Jenner** tearfully told her dad, **Bruce** (now **Caitlyn**) **Jenner**, “I feel seriously stupid,” and then a year later dropped out of an elite private school. Fans certainly know her better for an endless stream of selfies than dazzling wit or profundity. Yet on July 23, Kylie boasted, “Yay! I graduated,” and proudly posted an Instagram pic of herself with her sheepskin.

Naturally, family and friends made a huge deal of this accomplishment, including a surprise graduation party hosted by Kardashian/Jenner intimate **Ryan Seacrest**. The guest list included

Kylie’s boyfriend, **Tyga**, supermodel **Gigi Hadid** and songbird **Pia Mia**, as well as swan floats and synchronized swimmers performing in the pool. Kylie was also showered in such gifts as a gold-and-diamond Rolex watch and a \$7,300 Cartier bracelet. But one source close to the clan says, “Kylie shouldn’t brag too much. She did not work hard to earn that diploma.”

In fact, *Star* has learned a few facts about Laurel Springs High School, the “distance learning” (a.k.a. online) institution whose course of study Kylie successfully completed. Founded way back in 1991, it charges about \$1,000 per course and its esteemed alumni include noted intellectuals **Lindsay Lohan**, **Chris Brown** and **Bow Wow**.

“It’s not like a normal high school, where you attend all day and really study,”

says a source. “Kylie put in minimal effort; there were days she didn’t do any schoolwork at all. In her eyes, she doesn’t even need an education because she’s already making money with the line of hair extensions she ‘created.’”

Which begs the question: Why bother to graduate in the first place? “To prevent public backlash, at her mom’s urging,” insists the source. “Receiving the diploma is an afterthought to her. She’s only crowing about it because, in typical Kardashian fashion, she’ll do anything to keep public attention on her.”

Kylie could not agree less! As she will no doubt be quoted for generations to come: “I know I never post on social media when I’m in class, but that doesn’t mean I don’t encourage education! Because I do!” ★

NICKI
AIN'T
HAVIN' IT

THE TALE OF THE TAPE

ARE THE VIDEOS MORE THAN SIMILAR?

The director said that far from being a rip-off, Taylor's video simply uses common sci-fi tropes. Are you buying his explanation? Tweet us @StarNews and tell us if "Bad Blood" is just a bad copy!

TAYLOR'S TERRIBLE WEEK

IS THERE BAD BLOOD OVER HER HIT VIDEO?

TAYLOR SWIFT just had a terrible, horrible, no-good, very bad week. Not only did the world's most famous pop star get into a nasty Twitter war with **Nicki Minaj**, who implied that Taylor didn't stick up for black female entertainers, the songbird was accused of plagiarism too! Sources close to Taylor say she was left red-faced and "devastated" by claims that her "Bad Blood" video was a rip off of "Come Back Home" by Korean girl group 2NE1.

Ironically, it was one of Nicki's social media followers who pointed out the similarities — and now the claims have gone viral, and Taylor is flipping out.

"It's the ultimate insult to her," tattles the friend. "She's terrified of what this will do to her reputation as an artist."

Although the stories in the videos aren't the same, there is no denying that the futuristic feel is incredibly similar...and some scenes appear to be essentially shot-for-shot copies.

While director Joseph Kahn, who was born in South Korea, insists "they are completely different videos," to Taylor, the damage is already done.

"She prides herself on her music and this is making her sick to her stomach," adds the source. "Getting called a copycat is the very worst thing for her." ★

Naomi

The Nightmare!

It isn't easy to outdiva the jet-set ladies of Paris Fashion Week, but actress **Naomi Watts** left even the snootiest It Girl balking during the Giorgio Armani show on July 7. "Naomi was mad that she wasn't the center of attention in a very famous crowd of heiresses and French actresses," spills an insider, who said the likes of **Athina Onassis** and **Emmanuelle Béart** were in attendance. Naomi allegedly requested the best seat in the house but then refused to talk to reporters. "Even when someone spoke to her directly, she ignored them," says the witness. Finally, Naomi bolted from the event using the flimsy excuse that she missed her kids, even though fashion shows are usually less than 30 minutes long. "She was acting like a bratty child," adds the insider. "She left early because all eyes weren't on her." Talk about a fashion faux pas! ★

JUST ASKING...

This star of a superhero flick was wishing he could disappear after fearing that he'd knocked up a one-night stand in Italy. While it was just a scare, the actor is now terrified that his ex will find out and not take him back. Mamma mia! ★

Toby

The Terrible!

Toby Maguire no doubt hopes that his portrayal of chess genius Bobby Fischer will be a career game changer, and it might be — but for all the wrong reasons. Not only are editors on the film, *Pawn Sacrifice*, saying Tobey's performance is overacted and embarrassing, one on-set insider says that working with the 40-year-old actor was even more unbearable! "He went way too Method with his portrayal," laments the set source. "Bobby Fischer wasn't a nice person — he was anti-Semitic, rude and obnoxious. And Tobey would stay in character all day. He was just awful to be around."

And viewers may not want to be around this flick either — it's already getting a big thumbs-down, says the source: "Looking at the first rough cut, people don't think it'll even be a hit, let alone win Tobey an Oscar." ★

CAROLINE MANZO'S WEDDING WAR!

Real Housewife of New Jersey **Caroline Manzo** paints herself as the wise and caring family matriarch, but Caroline's three children — **Lauren**, **Christopher** and **Albert** — are secretly seething at their mother for turning into a fame-hungry monster who puts ratings over her children! A spy caught Lauren ranting about her mom to a pal at her Franklin Lakes, N.J., beauty bar, Cafface, just weeks before her wedding. "I heard Lauren and her employees all talking about how awful Caroline has become," reports the witness, adding that Lauren was near tears describing how her mother was essentially forcing her to film her wedding for their reality show, *Manzo'd With Children*. "Caroline told her, 'I don't care if this ruins your wedding. The cameras are coming. It doesn't matter what you want.' Lauren looked really upset." ★

MORE DISICK ON DECK?

While **Scott Disick** may not be the best at monogamy or fatherhood, he does make for great TV! After baby mama **Kourtney Kardashian** booted him from her life and reality shows, the boozy party boy is determined to stay on the small screen with a show of his own. "Scott is convinced he'll get a great following because he knows how entertaining he was on *KUWTK*. He'd love to stick it to **Kris Jenner**," says a close pal. But it wouldn't be a one-man show. "**Khloé**, **Kendall** and **Kylie** would be on it for sure — they couldn't resist the publicity," explains the friend. "Scott is adamant that E! will go for the idea, and to be in direct competition with the Kardashians would be amazing." Maybe the lord's empire is just getting started! ★

DANCE MONSTER ABBY LEE SHE'S A MESS!

Dance Moms star **Abby Lee Miller** bullies her young students into cleaning up their act, but *Star* has learned that when the cameras stop rolling, she's the one who needs to get it together! "Abby is gross," says a makeup artist who was paid to visit the reality star at her hotel. "Her room was a wreck and reeked of old fast food."

And the reality star herself didn't smell much better. "She needed a bath — it looked like she had days' worth of makeup caked on her face. And she just waddled around in only a T-shirt, totally naked from the waist down," cringed the beauty pro. "She complained the whole time and never said thank you. Nothing about Abby is nice. She is rude, obnoxious and entitled." Yeesh! ★

JEREMY'S BUSTED BROMANCE

Mission: Impossible — Rogue Nation star **Jeremy Renner** is finding his personal relationships are just that as he cuts ties with his live-in best friend, **Kristoffer Winters**.

Although his reps deny it, the *Avengers* hunk has been shacking up with his interior designer buddy for more than a decade — even during his 11-month marriage to **Sonni Pacheco** — but now Jeremy has had enough of the wicked whispers that he and Kristoffer are more than just friends. "He says the gay rumors don't bother him, but they absolutely do and he doesn't want it affecting his career," says a friend. "He told Kris he had to go."

The action star finally finished a bitter custody battle with his ex-wife over daughter **Ava**, 2, and is looking for a clean slate. "Jeremy doesn't want to give Sonni any ammunition or have Ava grow up confused," the source explains. "Kris is hurt by his decision because he's been defending him so profusely — he never thought Jeremy would turn his back on him." ★

Coco's Adult Makeover

Courtney Cox's daughter, **Coco**, is turning into a stylish little tweenage dream! *Star* spotted Courtney and **David Arquette**'s daughter celebrating her 11th birthday in cute skinny jeans, a chic new haircut and bright turquoise heels! "Courtney and David are thrilled that their little girl is coming into her own," says a source. "They love how confident Coco is. Courtney gives her a monthly budget and they'll go on shopping trips to Beverly Hills together."

And while she's still young enough to be playing on the monkey bars, Coco has made it clear she's all about the runway — not the playground. "She tells everyone that she styles herself and wants to work in fashion," adds the source. "Her favorite thing is heels — she *loves* heels."

"Joe might have made a fool out of Teresa," the source says, "but she's plotting her revenge."

Teresa DIVORCING JOE!

The incarcerated reality star is breaking out of her own personal prison: her 15-year marriage.

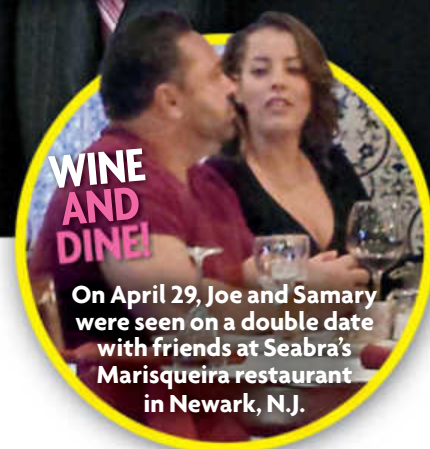

WHILE Teresa Giudice serves a 15-month sentence at the Federal Correctional Institute in Danbury, Conn., for fraud and tax evasion, her husband, **Joe**, has been making the most of his freedom. The couple's marriage has long been plagued with rumors of his infidelities, but sources tell *Star* it was Juicy Joe's most recent night out with 27-year-old strip-club staff member **Samary Graulau** that pushed the reality star to meet with an attorney.

On June 23, Teresa and Joe's daughter, Gia, graduated from middle school, but rather than spend the evening celebrating his little girl's latest achievement, Joe, 43, grabbed dinner with the brunette bartender instead. According to eyewitnesses, Joe and Samary arrived at Rare The Steak House in Little Falls, N.J., at around 8:30 p.m., and their flirtatious

behavior caught the attention of their fellow diners, who were appalled when they recognized Teresa's husband of nearly 16 years. "Joe kept explaining away all the other girls as 'business,' but you don't do business with a cocktail waitress from a go-go bar," says a source. "He's run out of excuses, and Teresa's just tired of it."

"Joe goes out with Samary several nights a week, leaving his sister, mother or sister-in-law to watch his daughters," the source continues. As *Star* previously reported, Teresa was worried about leaving Gia, 14, Gabriella, 10, Milania, 9, and Audriana, 5, in their father's care. With his wife behind bars, "Joe thinks he has a license to cheat, but the girls realize what's going on," says a close friend of the *Real Housewife*, 43. "While he's out having a good time, the girls sit at home, heartbroken. They cry, 'When is Mommy coming home?'"

Teresa was table-flipping mad when

she found out about her philandering husband's sweet setup with Samary, who denies being romantically involved with Joe. "Teresa has had enough," says the pal. "Divorce isn't something she ever wanted for her and her family, but Joe has left her no choice." According to insiders, when Teresa is released in December, she's planning on serving Joe with divorce papers before he begins a 41-month stint in prison for his role in the fraud case, after which he faces potential deportation. "If she doesn't file," explains the friend, "what kind of lesson will she be teaching her girls?"

Miley & Stella MOVING IN!

Miley Cyrus says she can't be tamed, but sources tell *Star* that Victoria's Secret model **Stella Maxwell** is proving her wrong. Insiders say that, after just a few weeks of dating, Miley has invited Stella to move into her Los Angeles home, a \$5 million horse ranch with seven bedrooms. "They're officially exclusive now, and Miley can't stop gushing about Stella to anyone who will listen." Earlier this year, in an interview with *Paper* magazine, the bisexual pop star, 22, revealed she came out to her mother, **Tish**, when she was 14. Since shacking up, "Miley and Stella have become homebodies," says a close friend of the couple, who met through Miley's best friend, **Cheyne Thomas**. "After practicing yoga, they love cooking up a healthy meal together before settling down to watch a movie on Netflix. They're usually asleep by midnight," which is a far cry from the round-the-clock partying Miley and ex-boyfriend **Patrick Schwarzenegger** used to enjoy. "Stella has been such a positive influence on her," says the source. "They're just like an old married couple — and it's adorable." ★

Nick Tells Amy: QUIT BLABBING

Amy Poehler might have penned a sweet note to boyfriend **Nick Kroll** in her memoir, *Yes Please*, but close friends of the comedian say these days, she's no longer an open book. "Nick is an extremely private person when it comes to his personal life, much because that's how he was raised," says a pal. (The actor, 37, opted out of his father's billion-dollar family business in risk consulting and corporate investigations to pursue comedy.) "Amy has always been so honest and forthcoming in the past, but Nick made it clear to her that she keep their relationship private," says the source. "And she listened. Now she refuses to discuss Nick, even with her girlfriends." Perhaps that's because Amy's keeping a bit of good news to herself! On July 22, the actress, 43, sparked rumors of an engagement after wearing a diamond ring on that finger to the *Wet Hot American Summer: First Day of Camp* premiere. ★

Tom & Elizabeth IT'S ON

I Saw The Light costars **Elizabeth Olsen** and **Tom Hiddleston** have gone from onscreen husband and wife to real-life lovers. On July 23, the cozy couple took in a performance of **Bradley Cooper's** *The Elephant Man* in London before having a romantic dinner at The Wolseley restaurant. "It's been only a few months, but they spend every second together," a source tells *Star*. "Elizabeth's the happiest she's been in a long time." Sparks reportedly flew on the *Light* set, but Elizabeth, 26, was engaged to **Boyd Holbrook** at the time. "Tom's not the sort to go for someone else's girl, so he waited until he heard her relationship was over," says a close pal of the *Avengers* star, 34. "Then he called her that very day." ★

Anna JEALOUS OF J LAW?

DON'T even think about it, **Jennifer Lawrence!** Sources tell *Star* **Anna Faris** is a bit concerned about hubby **Chris Pratt** playing a love interest opposite the 24-year-old actress in *Passengers*, a sci-fi flick set to start shooting in September. "Chris and Jen recently had dinner to talk about the movie, and ever since, he hasn't been able to stop raving about how cool Jen is," says a source. "They share the same goofy sense of humor and make each other laugh." Chris' captivation with his costar has reportedly sent Anna, 38, into a panic. (A rep for the actress denies *Star's* story.) After all, it was Chris, 36, and Jen's insane chemistry that landed him the part in the first place. That said, "Anna's a very sweet girl, so rather than lash out in jealousy, she's going to play this very carefully," her pal reveals. "She plans on becoming fast friends with Jen before filming begins, in hopes that she'll think twice before messing with this married man!" ★

Jon Gosselin's NEW GIRLFRIEND!

And where exactly have you two been hiding? On July 17, **Jon Gosselin** finally went public with his new lady, registered nurse **Colleen Conrad**. Sources say the former TLC star, who now makes a living as a disc jockey by the name of DJ JG, grew up with Colleen in Wyomissing, Pa. The two recently reconnected, six years after his divorce from **Kate Gosselin**, and it's been smooth sailing ever since. "They started dating nine months ago and have been living together for eight," says a source. "He's convinced this time it's the real deal." While Jon, 38, currently doesn't have custody of his eight kids, his girlfriend, who has two teenage children of her own, has met them — much to the dismay of his ex-wife. "Kate doesn't let any of her boyfriends meet their kids," says a source close to the 40-year-old, who has been dating millionaire CEO **Jeff Prescott** since January. It’s an odd little thing... but it’s nice to have someone from home [on set].” According to sources, the two Canada natives immediately bonded over their old stomping ground. “Taylor and Rachel have even planned a romantic road trip north of the border once filming slows down,” says a pal of the 34-year-old actor. “Their relationship is in the early stages, but Taylor can really see this turning into a long-term thing.” ★

As *Star* previously reported, Khloé, 31, and Lamar, 35, secretly met up in Las Vegas during the Fourth of July weekend for one last hookup. “Lamar thought they’d kiss and make up,” says a source, but there was no chance of a reconciliation. His rumored infidelities and alleged substance abuse proved too much for the pair. “Khloé told him she would always love him, though,” says the source. STAR UNCOVERS
THE SHOCKING
REASON BEHIND
BLAKE SHELTON'S
DIVORCE FROM
MIRANDA LAMBERT:
SHE WAS SLEEPING
WITH *FIVE*
OTHER MEN!

Miranda
HER
CHEATING
HEART

Her Own Worst Enemy

"Miranda has been paranoid for years that Blake was cheating on her, and all this time she was the one sleeping around," a source says. "It's unbelievable! She had everything, and she threw it all away."

ON July 20, when **Blake Shelton** and **Miranda Lambert** announced they'd be divorcing after four years of marriage, it sent shockwaves through the world of country music. They had been each other's biggest supporters and frequent duet partners for years, and they'd appeared to be a match made in heaven.

But in reality, their marriage has played out like a sad country ballad, according to insiders close to the couple, with Blake's dueling careers keeping him away from their Oklahoma home for weeks on end and — most shockingly — Miranda, 31, seeking comfort in other men's arms. In fact, insiders close to the duo claim that Blake, 39, actually caught his wife in the act of cheating. What's worse, according to a well-placed source in Miranda's inner circle, the "Little Red Wagon" singer has had affairs

with least five men since her relationship with Blake began, and she's repeatedly abused him both physically and verbally.

"Miranda's secret double life is the reason Blake abruptly ended the marriage," the insider says. "It wasn't the fairy tale they portrayed." From Miranda's elaborate scheme to cover up her affairs to how Blake found out, *Star* has the exclusive details on the scandal that brought down Nashville's biggest power couple.

THE AFFAIRS

Cheating played a key role in Blake and Miranda's romance from the start. When the duo first began dating, in 2005, he was married to a woman named Kaynette, and she was in a four-year relationship with country singer **Jeff Allen** — but both of them had left their partners for each other within a year. And while Miranda and Blake were considered inseparable by 2007, she also allegedly cheated on him then, as *Star* has reported, with Blake's friend, country star **Jamey Johnson**.

Perhaps Miranda's most intense affair, according to the insider, was with Major League Baseball star **Josh Beckett**, whom she apparently saw for several years. "He was dating his high school sweetheart, Holly, at the time he first got involved with Miranda," the source says, adding that Holly may have known about the affair, but she married him anyway. Even when his new wife became pregnant, Josh still pined for the country star, according to the source, and pressured her to ditch Blake for him. "He was not going to leave Holly until Miranda split from Blake," the insider says. "But instead, he'd hear the opposite in the press — that Blake and Miranda were happily married. It drove him crazy. He did not want to be her side piece."

Their relationship wasn't one-sided, either. "The truth is, Josh was Miranda's other real love," the source claims.

"She wanted to leave Blake for him.

But her management urged her not to, because it would hurt her brand. She was only with Blake to advance her career."

The singer's alleged affair with Josh made a blip on the Internet in 2011, when a website printed information from a source who claimed the pair were seeing each other. Josh quickly denied the story — Holly was pregnant at the time — and it never gained much traction. When *Star* ▸

Good-bye Time

"This marriage has been a source of complete and utter misery to Blake for a long time," the insider says. "He is so relieved it's finally over and done with."

"Miranda was only with Blake to advance her career."

N'

Daddy's Little Girl

Miranda's parents, Beverly and Richard, are fiercely protective of her — which has Blake scared. "Her father once said to him, 'If you break my daughter's heart, I will put a bullet in your head,'" the insider says. "And he has lots of guns!"

recently contacted Josh for a comment on his relationship with Miranda, he denied the affair again.

Tragically for Blake, Miranda's supposed infidelities didn't end with Jamey and Josh. *Star* was the first to report back in February that she allegedly had a fling with her former tourmate, singer **Chris Young**, after the pair were spotted canoodling in a Nashville bar. (More than four months after *Star* broke that story, Chris denied playing a role in Blake and Miranda's divorce.) And according to Miranda's confidant, the singer had two other lovers as well, both of whom worked for her — and one of whom was married.

HER COVER-UP SCHEME

Miranda went to great lengths to keep Blake from discovering her infidelities. "She was meticulous," the insider says. "She had a team of people who were liaisons between herself and the men, so that Blake would never see messages or calls from them on her phone. It was a whole underground operation, just so she could hook up with these guys."

Some of Miranda's friends have wondered why she would expend so much effort to see other men —

especially if she wasn't in love with them. The insider has a theory: "She loves attention. These guys fawned over her, and she ate it up."

Then, of course, there's Blake. Due to his frequent touring and his role on TV's *The Voice*, which takes him to Los Angeles for weeks at a time, the "Sangria" singer spends little time at home, and Miranda often gets lonely. She expressed that frus-

tration in her 2014 song "Priscilla," which laments the struggles of a wife "married to a man who's married to attention."

HER VIOLENT STREAK

Of course, loneliness is no excuse for treating her husband disrespectfully — and, according to the source, cheating wasn't the only way Miranda mistreated Blake. She physically lashed out at him on more than one occasion. "It was a regular occurrence for Miranda to get very drunk after shows and at parties and hit Blake — to the point where he would have to restrain her," the insider says. "It would usually happen when she'd see him talking to another girl; she would drunkenly yell at him: 'If you ever do that, I'll kill you!'" Another time, the "Kerosene" singer allegedly threatened to burn down Blake's house if he ever left her. "Of course," the source adds, "Blake was always drunk too. They were a mess together."

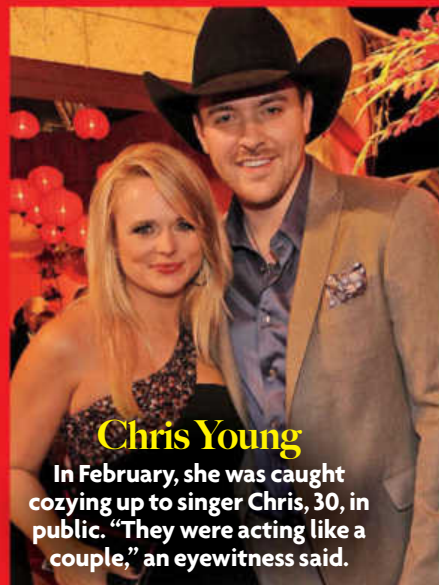

Miranda didn't try to hide her outbursts the way she concealed her affairs. Even her parents witnessed her savage temper once. "I heard Miranda hit Blake at her parents' house in Lindale, Texas, in 2011, during a New Year's Eve party. It was at a bonfire, after Blake and Miranda sang for the group," the insider says. "Miranda, once again, did not like something specific that Blake had said to another woman, and she slapped him hard on the face and said, 'Don't talk like that! Next time you say that, I am going to put my foot in your

FASTEST GIRL IN TOWN: MIRANDA'S

Josh Beckett

The retired MLB pitcher, 30, allegedly had a long-term affair with Miranda and was even planning to leave his wife for her in 2011 — until she blindsided him by marrying Blake on the same day she'd arranged to meet Josh in New York City for a secret tryst. Though the athlete was heartbroken, he still continued to see the singer, according to the insider. "She loved him," the source says. "She wanted to have kids with Josh, not Blake."

Chris Young

In February, she was caught cozying up to singer Chris, 30, in public. "They were acting like a couple," an eyewitness said.

BLAKE'S BLONDES

A notorious flirt, Blake courted Miranda's wrath by getting close with several young female singers — who tend to look a lot like his wife! “At a recent awards show, he was acting too friendly with his *Voice* protégée Raelynn, and Miranda flipped out and hit him,” an insider notes, by way of example. “A lot of people witnessed it.”

a**!’ Blake’s response was, ‘I am not your punching bag. Don’t put your hands on me!’ It was awkward and embarrassing for everyone around them.”

THE FINAL STRAW

Miranda’s rages over her husband’s flirtatious behavior may have stemmed from her own feelings of guilt. And as her antics grew increasingly erratic, Blake became more and more suspicious of

what his wife might be hiding. Finally, about two months ago, a mutual friend told him that Miranda had been cheating on him. “So he hired a private investigator, who determined she was hooking up with an employee, and Blake flew to one of her shows to confront them,” the insider says. “He caught her hugging this man, and they were forced to admit everything. It was obvious what was going on.”

Shortly after he caught her in the act,

Blake filed for divorce. “As far as he’s concerned, this whole marriage was a mistake,” the insider says. “He can’t believe he spent all this time with a cheater who was probably never faithful to him. He’s heartbroken and furious and wants nothing to do with Miranda.” The source says he’s ordered her to remove all her things, and her animals, from his Oklahoma ranch. “Right now, he just wants to focus on his career,” the insider adds. “He’s so thankful they never had kids, because that would make a bad situation nuclear.”

For her part, Miranda also seems distraught over the end of her marriage. She even cried onstage during a July 18 performance. But she may not stay sad for long. “I wouldn’t be surprised if she tried to get back together with Josh now,” the source says, noting that the retired ballplayer may be hesitant about allowing the singer into his life again, since she’s hurt him in the past. “That won’t matter to Miranda if she decides she wants him back, though. She won’t let anything get in her way!” ★

Moonlighting Memories

Cybill became a TV superstar while costarring with Bruce Willis on the cheeky detective series from 1985 through 1989.

LAST October, actress **Cybill Shepherd** was struggling with her emotions after her two-year engagement to psychologist Andrei Nikolajevic had ended. A lifelong Christian, Cybill renewed her faith during that troubling time. “I think I had a broken heart and there was part of it that was never going to heal,” she says, “and that’s when I turned to Jesus...”

Now, as *Star* has exclusively learned, it seems Cybill is going to need all the spiritual support she can muster. A source claims that her son, **Cyrus Zacharia Shepherd-Oppenheim**, 27 — who goes by the nickname Zack — has entered a sober living facility in the Los Angeles area, receiving treatment for drug and alcohol addictions.

“Zack has been at the Santa Monica men’s facility of L.A.’s Transcend

Recovery Community for a couple of months already, and he’s expected to stay a bit longer,” says the source, who claims Zack had been having issues with alcohol, marijuana and prescription drugs. “He’s a nice guy who gets on really well with the staff and other residents in the facility, and he seems committed to getting better.”

PAST IMPERFECT

This isn’t the first time that Zack — who, along with twin sister **Molly Ariel**, are Cybill’s children by her ex-husband chiropractor Bruce Oppenheim (she has a daughter, **Clementine**, 36, with first husband David Ford) — has needed an intervention. The first one, however, was court-ordered.

On Jan. 12, 2010, Zack was arrested at Philadelphia International Airport immediately after his arriving flight from

San Francisco landed. He was charged with “theft—unlawful taking” and “receiving stolen goods” after it was alleged that he had stolen cash, a digital camera and a leather makeup case from fellow passengers sleeping on the flight.

That June, a Philadelphia judge allowed Zack, a first-time offender, to enter an Accelerated Rehabilitative Disposition program; the terms of the sentence included Zack completing 24 Alcoholics Anonymous meetings, after which his arrest record would be wiped clean. Following the sentencing, Zack’s attorney referred to the AA counseling as “chicken soup,” adding: “I don’t know that it’s needed in this case, but it certainly can’t hurt.”

GETTING HELP

Unfortunately, it appears Zack is back to square one after that initial counseling —

Zack was arrested in 2010 for stealing money and valuables from sleeping fellow passengers on a Philadelphia-bound jet. and his addictions have expanded beyond booze to include pills and pot, claims the source. “Fortunately, Transcend Recovery Community is a wonderful facility, and Zack has fit in comfortably,” the source tells *Star*. “Their program is also very family-inclusive, so Zack’s parents will always be in the loop.”

Ironically, Cybill, 65, a young supermodel who then shot to showbiz stardom in the films *The Last Picture*

Show and *Taxi Driver* and on the TV series *Moonlighting*, has admitted her own drug use in the past — and has openly discussed it with her children, in hopes of steering them away from going down the same road.

“I’ve just tried to stay really down-to-earth with my kids,” she has said. “Some people say lie if you ever did anything, [but] that’s not the approach I took... and hopefully it will be OK.” ★

made a mistake. We all make mistakes. The best you can do is say sorry and learn from it and move on,” **Reese Witherspoon** said in April 2013, after a Georgia state trooper arrested her for disorderly conduct, and her husband, **Jim Toth**, for drunk driving.

A little more than two years on, Reese, 39, appears to have kept her nose out of trouble, but regulars at a bar near her house aren’t so sure they can say the same thing about her hard-partying husband. “Jim is a big fan of happy-hour drinks. He comes in multiple times a week by himself to watch whatever sports team is on TV,” says an insider who frequents Tavern Restaurant, just a few miles from Reese and Jim’s Brentwood, Calif., home. “Staff members roll their eyes when he walks in because they know what’s coming.”

And what allegedly happens after Jim, 45, pulls up a stool at his favorite watering hole has customers wondering just how happy his home life must be.

A FIXTURE AT THE BAR

“Jim’s drinking habits run the same course every time,” says the regular. “He’ll order a few beers, which then

turns into whiskey drinks or strong mixed cocktails. Jim will drink in the middle of the day, and by the end of happy hour, he’s shouting at the TV. He doesn’t tip very well either.”

Sports and libations aren’t the only attractions for the movie star’s husband, say eyewitnesses. “One day, two young women were seated at the bar watching the baseball game; it was about two in the afternoon.

Jim came up to the bar, sat next to them and started chatting them up,” says another regular. “He tried to start up a conversation about the game, but the girls tried to ignore him. The girls got up and left the restaurant thanks to him.”

Jim’s rowdy behavior has led some Tavern regulars to wonder if he might be feeling restless and “cooped up” in the home he shares with his wife and their child, Tennessee, 2, as well as the two children Reese shares

DOUBLE TROUBLE

A NIGHT TO REMEMBER

April 19, 2013, was a night Reese and Jim probably would like to forget. After Jim was pulled over on suspicion of drunk driving in Atlanta, passenger Reese came to his defense. “Mrs. Witherspoon began to hang out the window and say that she did not believe that I was a real police officer,” Trooper First Class J. Pyland wrote in his report. “I told Mrs. Witherspoon to sit on her butt and be quiet.” When she refused to comply, the officer arrested her, at which point she said, “Do you know my name?” and warned the trooper, “You’re about to find out who I am.” She later pleaded no contest to physical obstruction, while her husband pled guilty to DUI. Reese later said she was “deeply embarrassed” by her behavior.

with ex-husband **Ryan Phillippe**: Ava, 15, and Deacon, 11.

“Reese and Jim fight like every couple, but the truth is, she isn’t exactly easy to deal with,” says an insider. “She’s very bossy and controlling. Just look at her drunken arrest — you can see what Jim has to put up with. She can also get insecure, and they’ve had fights over this.”

“Given the amount of time he spends in here, you’ve gotta wonder if he just doesn’t want to go home,” says one of the Tavern Restaurant’s regulars. “I can’t imagine Reese is too happy about the amount of time he spends here. I hope, for both their sakes, he’s not drinking away their marriage.”

DUDE, WHERE’S MY CAR?

Jim’s rep denied that he ever visits neighborhood bars, but one witness claims that, on a recent night, he saw Jim leaving Tavern — and he was in anything but a good mood. When he left the bar (presumably on his way home), “he came out of the bar, walked across the street, and snapped at the valet for not having his car ready,” says the bystander. ★

LEONARDO DICAPRIO

Whether he's on a boat, on the red carpet or at a dentist's office, Leo clearly has a preference for gorgeous blonde models and actresses — including his latest conquest, sexy catwalker Kelly. But can his obsession with stunning golden trophies be an attempt to compensate for his elusive true love, a beauty named Oscar?

Dancing Queen

At L. A. gay bar The Abbey, "Caitlyn seemed to enjoy herself more and more as the night progressed," an eyewitness reported.

Hail Caitlyn!

The reality star is "having the time of her life!" says a pal, noting Caitlyn's preference for pricey champagne.

Caitlyn's High Life In High He

SWILLING BUBBLY AND DOWNING SHOTS HAVE BECOME PART OF CAITLYN JENNER'S TRANSITION TRIUMPH. BUT DOES SHE KNOW HER LIMITS?

As a young Olympic medalist, **Bruce Jenner** set a standard for healthy, red-blooded American manhood, but decades of feeling he was confined to the wrong body combined with an unhappy marriage to **Kris Jenner** turned him into a henpecked husband and all-around grumpy guy. **Caitlyn Jenner**, however, is enjoying a bright new world of parties, clubs, red carpets — and the nonstop flow of top-shelf liquor that goes with it.

"Caitlyn has had more booze in the past

month than she has her entire life!" reveals a source close to the reality star. "She's finally letting loose." Yet while she has much to celebrate, there is some concern about what problems 'round-the-clock partying might pose for the 65-year-old newly transitioned woman.

TIPSY-TURVY

After winning the Arthur Ashe Courage Award at the ESPYs on July 15, Caitlyn basked in the honor with endless flutes of Veuve Cliquot. She's been keeping

els

Getting Her Kicks

With a reported \$6.4 million coming in from her new eight-episode docuseries *I Am Cait*, the lady can afford to binge a little — be it on Veuve Clicquot or Jimmy Choos.

the party going too: Spotted at famed West Hollywood gay bar The Abbey a few nights later, she downed shot after shot of vodka and danced with abandon. “Caitlyn had a blast,” says an eyewitness. “A big crowd gathered around her, everyone wanting to hug and welcome her.”

Caitlyn bathed in the wild vibe — and the drinks well-wishers kept sending her way. “Dancers kept joking about what a pro she is in high heels; they were asking for tips!” adds the Abbey patron. “By the time she left, she was pretty buzzed.”

It’s not just nightclub carousing either. Stylists who work with the Kardashians and Jenners say it’s always fun when Caitlyn is on the set. “She turns it into a good time,” one behind-the-scenester tells *Star*: “She is simply the life and soul of the party!”

ALL IN GOOD FUN?

“When a transgender individual finally takes the leap to become his or her authentic self, there is a feeling of freedom, so it’s completely expected

that Caitlyn would be more relaxed and uninhibited now,” says Atlanta-based psychiatrist Nzinga A. Harrison, M.D., who has worked with people in transition. Yet not everyone in Caitlyn’s circle fully supports her escapades. Considering their mom Kris’ alcohol issues, **Kim, Kourtney and Khloé Kardashian** worry that Caitlyn may go overboard too. “Caitlyn still has issues related to transitioning, and they want to make sure she doesn’t turn to alcohol as a way of dealing with those emotions,” a family insider says.

Alcohol can also amp up the effects of male-to-female hormones, warns

Dr. Harrison — in Caitlyn’s case, possibly shrinking testicles and increasing body fat — but using booze for that purpose is playing with fire and tantamount to self-medicating. Hormones can also increase the desire for alcohol — a dangerous side effect considering Caitlyn’s age. “In your 60s, you may be more susceptible to potential side effects of medication and its alcohol interactions,” Dr. Harrison says. So for now, those closest to Caitlyn are keeping an indulgent eye out, confident she can take care of herself.

“Caitlyn’s been repressed for so long, she’s earned a little space to do what she wants,” says the source. “Eventually she’ll settle down, but this is her time to shine — and she’s not going to apologize to anyone.” ★

A Most Unhappy Fella

Experts agree that, prior to transition, transgender individuals like **Bruce Jenner** may feel like they’re living under a façade, which contributes to anxiety and depression.

Fighting For Justice

Kelly launched a White House petition in April, asking President Barack Obama for help with her case.

A Living Nightmare

Friends say the actress cries every day about how much of the kids' childhoods she's missing. "It's time she can never, ever get back," says a source.

Kelly Rutherford

“I WANT MY CHILDREN BACK!”

THE STAR'S CUSTODY BATTLE TAKES A DEVASTATING TURN FOR THE WORSE.

KELLY RUTHERFORD has been dealt a significant blow in her heated three-year custody battle with ex-husband **Daniel Giersch**. After Kelly's tearful plea to keep the couple's two children in the United States — they've been living in Monaco with their father since his work visa was revoked in 2012 — a judge has ruled that the actress can no longer fight for full custody in California because she currently resides in New York.

“‘Distraught’ does not even begin to describe how Kelly is feeling right now,” an insider tells *Star*. “She just wants her children back in her arms. She’s a complete wreck.”

THE FINAL PUNCH

The former *Gossip Girl* star had been seeking a court order for the return of her children — son Hermes, 8, and daughter Helena, 6. But sadly, it doesn't seem like Kelly will get her wish anytime soon. “The Court does not believe that it is obligated to relinquish jurisdiction to Monaco, only that it acknowledges that it no longer has jurisdiction over the children,” Los Angeles Superior Court **Judge Mark Juhas** wrote in his July 23 decision.

The ruling comes at a particularly difficult time for the blonde beauty, who was awarded temporary custody by a California judge in May and has remained inseparable from her children ever since. The judge's new decision now clears the way for the kids to return to Monaco as early as next month. “Kelly was just getting used to being a mother again,” reveals the insider. “Now she'll have to wave good-bye to them one more time.”

The Price Of Divorce

In 2013, a judge ruled that Daniel was no longer required to pay for trips for his children to visit Kelly in the United States. As a result, the actress says, she has spent a small fortune making more than 70 trips back and forth to Monaco.

Despite the ongoing pain and heartbreak, the actress says she never intended the fight to turn this ugly between her and Daniel, whom she married in 2006 and divorced just two years later. “I’ve always wanted my kids to have a relationship with him,” she laments. “I’ve really only encouraged that all along. When I went into court, I never asked for money and I never asked for full custody. I just wanted what was right for them and their well-being moving forward.”

Throughout the past three years, Kelly has made dozens of trips back and forth to Monaco to visit her children — more than 70 by her count — and even filed for bankruptcy as a result of the mounting travel and legal fees.

“She would move to Monaco in a heartbeat if she thought she could actually afford it,” adds the source. “But she’s got no cash, and all her work is in America. She has considered living there part-time, but she doesn’t know if her ex would even let her see the kids.”

HOLDING OUT HOPE

If Kelly has any chance of reversing the decision, she needs to appeal the California ruling and petition the court in Monaco for custody as soon as possible, explains **Danielle Petitti**, matrimonial and family lawyer at Fersch Petitti. “The longer the children live in Monaco, the less likely her chances of reinstating primary custody in the U.S. become. Courts do not treat children like Ping-Pong balls; they favor stability,” she says. “Kelly’s fight is definitely not over. Custody cases are very fluid, especially with...a very involved parent like Kelly.” ★

WEIGHT LOSS UPDATE:

Super-Powerful "Diet Pills" Make Comeback

They're flying off the shelf... But they're NOT for everyone!

Most of us thought the era of the "Super-Powerful" diet pill ended a few years back when the FDA removed Ephedra and Fen-Phen from the U.S. market because of safety concerns.

Well, it turns out that "most of us" were wrong. It seems that a huge, multi-billion-dollar, "underground" market for these amphetamine-like fat burners sprung up even before the ink was dry on the FDA's decree.

But recently, an entirely new crop of high-quality, super-powerful and super-effective diet pills are coming out of hiding and are hitting the shelves of your local GNC.

The current leader in this new category is a product called BiphedAdrene® developed and sold by Generix Labs, LLC. The company tells us that BiphedAdrene is a two-part system comprised of a unique "Complex Phenylethylamine Provisional" (for powerful appetite control, mood elevation, and energy) combined with an aggressive thermogenic compound (for fat burning and stamina). This two-pronged attack on fat is apparently what makes the compound so effective... and so popular.

While the pills do cause rapid weight loss (no doubt about that), these amphetamine-like compounds are fast becoming a favorite among bodybuilders, college students, and overstressed, exhausted homemakers for their energy and stamina-boosting properties (in other words as powerful "go-fast" pills). Because cult-like trends that begin with bodybuilders and college students quickly become mainstream, many BiphedAdrene (or BiPhed for short) critics are concerned about the overuse of these powerful compounds.

While the pills do cause rapid weight loss (no doubt about that), their reputation as "Mother's Little Helpers" seems to be the driving force behind their extraordinary appeal.

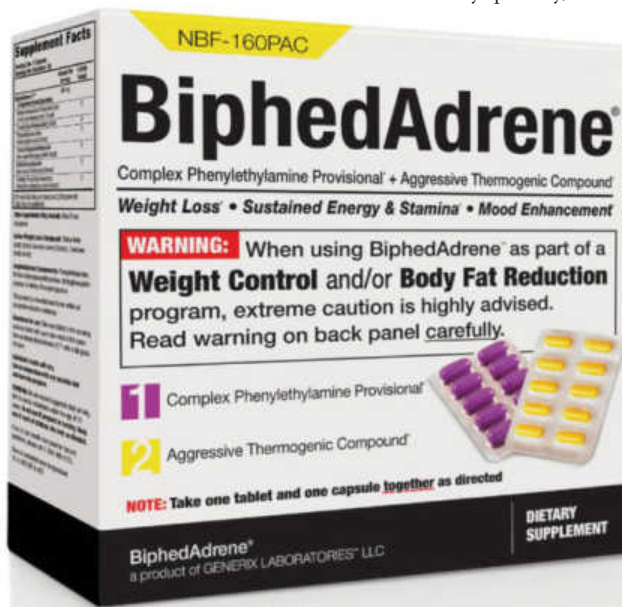

A spokesperson for Generix Labs explains, "One of the things we often heard, as we made a study of the weight-loss market, is that people missed the mood-elevation and boost of energy that were 'side-effects,' if you will, of the Fen-Phen and Ephedra class of diet pills. The weight loss was always primary, but nearly as

important was the increase in energy and mood. These new non-amphetamine compounds provide not only very substantial weight loss, but also a similar mood and energy boost."

While these "super pills" are finding their way into the general marketplace, they are definitely not for everyone. In fact, you shouldn't even think about taking them if

losing five or six "vanity pounds" is your goal. These diet pills are intended exclusively for the significantly overweight. But that's not the only caveat. You should check with your doctor to ensure you are in overall good health before considering any of this new category of pills.

Let's face it... even though this new generation of diet pills, such as BiphedAdrene, aggressively propose "easy" weight loss, increased energy, and improved mood, they are expensive (\$135 for a 30-day supply) and need to be used very responsibly. See you in the supplement section!

KENDALL'S Lip Pick!

There's no question that **Kendall Jenner** is one of the red-hot models on the scene. Now she has lips to match! As a face of iconic beauty brand Estée Lauder, the runway regular has helped create a limited-edition lipstick shade that makes as much of a statement as her famous family. "The reddish orange is perfect for summer. I knew I wanted this shade, because red is one of my favorite colors. I just feel really confident in a bold lip," says Kendall. The intensely pigmented formula swipes on, saturating lips with full-coverage color that has a matte finish. The fashion designer is celebrating individual style (and good hair days) in her partnership with Wella Professionals. "I am always searching for new products that allow me to create looks that reflect my personality," says Whitney. And she sure has found one! The reality star is already a huge fan of the brand's Dry Me texturizing spray in the new EIMI styling range, launching in September.

Leslie Mann

There is no funny business surrounding the announcement that Leslie Mann will be the first-ever celebrity to appear in an ad for skin-care company Jergens. As the "body" for the brand's latest campaign, You're More Than Just a Pretty Face, Leslie will help remind women to spend more attention on the other 90 percent of their skin.

Selena Gomez

Good For You, Selena! The songstress is the latest celebrity ambassador for hair-care giant Pantene. "I've always loved using Pantene, so it's a dream come true... Not only because the brand stands for strong, healthy hair but also because it encourages women to be their best selves," Selena gushes.

Trending Now... BRONDE

Blake captioned this Instagram pic: "...Brondes have more fun."

When new mom **Blake Lively** recently posted about her new "bronde" hair color on social media, the beauty world began to buzz. According to celebrity colorist for L'Oréal Paris Kari Hill, the new hybrid hue, which Blake adopted for a movie role, is a "blending of multiple shades from golden blondes to caramels, chestnuts and chocolates that does not refer to the color technique but more so to the actual tortoiseshell color of the hair." The low-maintenance layering is perfect for color chameleons like **Cara Delevingne** and **Jennifer Lopez**, who have already tried the trend!

Sexless In The City

Let's talk about
not having sex
on the new
comedy about one
woman's decision
to just say no!

SHE'S beautiful and successful yet can't find a good man to stay loyal to her — so what's a girl to do? On the steamy new comedy *Born Again Virgin*, former magazine columnist Jenna (**Danielle Nicolet**) decides to start over and stay there, giving up dating and sex altogether while blogging about her celibate journey and the wildly noncelibate ones of her BFFs, publicist Kelly (**Meagan Holder**) and actress Tara (**Eva Marcille**).

But throwing a major monkey wrench

into her purity-driven plans is her hunky new neighbor Donovan, played by R&B star **Tank**. He's suave and muscular...and he has a habit of losing his towel in the hallway, which makes for some uncomfortably close encounters that make it hard for Jenna to keep her "sex-fast" vow.

And he's not the only temptation Jenna will face as she struggles to hold off on making love until she finds a man who is capable of committing to a meaningful relationship. But is it too far-fetched for a single modern woman to live

like a nun? "The face of abstinence is changing daily — take **Russell Wilson**'s recent disclosure of abstaining from sex with girlfriend **Ciara**. It proves that even when sex is removed from the relationship, there remains a never-ending supply of flirty fun and adventure to be had," says **D'Angela Proctor**, SVP of original programming and production for TV One. "As Jenna's journey continues, viewers will see that sexual liberation doesn't have to include sex at all." Who knew? ★

Ice-T & Coco

Q&A

The close-knit couple host a wild new daytime talk show!

THEY'RE no Ozzie and Harriet, but gangster rapper turned 17-year *Law & Order: SVU* vet **Ice-T** and his voluptuous, lingerie-designing wife, **Coco**, delighted fans with their loving relationship on their hit reality series. Now the couple — who've been married for 13 years — are taking on daytime TV with their new daily talk show, *Ice & Coco*, and they spoke to *Star* about what to expect.

What makes this show stand out?

Ice-T: I have a very interesting way of seeing things. So does Coco. We have no idea if other people will accept it or think it sucks, but we're going to do our best and see what happens.

Coco: We have different standpoints. Ice is more political and has a harsher view of the world; and I am more of the happy-go-lucky girl, and I see everything as a positive. We don't even try, but our chemistry just works somehow. And I think that people will like to see us interact over relationships, sex, shoes, cars or whatever, and I think we turn it into fun talk.

Who is your dream guest?

Ice-T: I want **Barack Obama** as soon as he gets out of the White House. He can tell us where all of the spaceships are and all that good s**t!

Coco: I'm a fan of powerful women. **Charlize Theron**, **Shakira**, **Beyoncé** — all those strong women.

Does Coco really do all the cleaning?

Ice-T: Right now she's sitting in front of a box organizing something, like she's OCD and she has to have everything in the right place. The house is immaculate!

Coco: I don't like anybody cleaning up after my mess. I have a cleaning lady to do my deep cleaning, but I feel so guilty that I clean for her...

Ice-T: She cleans for the cleaning lady!

Will your personal lives be topics on the show?

Coco: Yes, definitely. Maybe the viewers can relate.

Ice-T: We got a very rock 'n' roll lifestyle. Other people have different lifestyles, and that's cool — but we're into enjoying whatever makes you happy to the fullest.

— LINDSEY DIMATTINA ★

"He makes me laugh, and I'm a cheeseball myself," says Coco. "I like to do fun, odd things, and it just kind of works together."

→ VACATION

Less nostalgic remake than disastrous reboot, this comedy stars **Ed Helms** as Rusty Griswold, who was just a kid when his dad (**Chevy Chase**, who reprises his original role) took the family to WalleyWorld in the original 1983 *National Lampoon's Vacation*. It's played for the same kind of squirmy, juvenile laughs, minus a story with the wit to find them or the hilarious humor of the first film. How far are they willing to go? How about an unintended swim in a sewage pond mistaken for a hot spring? Helms and **Christina Applegate** do what they can in a movie in which a foulmouthed 10-year-old is the funniest character. It's a road trip from hell, both for the characters and for the audience that gets suckered into watching this sad, sorry mess.

LONG STORY SHORT: Staying home is preferable to this Vacation.

MOVIES

→ END OF THE TOUR

Based on a true story, this drama focuses on five days that journalist **David Lipsky (Jesse Eisenberg)** spent with late celebrated writer David Foster Wallace (**Jason Segel**), on the last leg of his publicity tour for his novel *Infinite Jest*. It's a fascinating portrait of a writer at a crucial moment in his career. Wallace, who committed suicide in 2008 at age 46, is presented as a regular guy attempting to sort out how he feels about his own life (and the depression that plagued him) through his writing. But the explosion of adulation was a double-edged sword, creating expectations and pressures he had trouble dealing with. Eisenberg captures the blend of awe and envy in which Lipsky holds Wallace — and just how quickly he willingly betrays Wallace's trust. Segal presents an amiable ex-athlete who loves thinking and talking but who is also self-conscious about the idea that he has some special truth that others are seeking.

LONG STORY SHORT: This sad, sometimes funny film offers two powerful performances. ★★★★★

→ SIGNIFICANT MOTHER

Premieres Monday, Aug. 3, at 9PM on The CW

Imagine you found out that your newly divorced mother was hooking up with your best friend, whom you've known since pre-K. That's the premise for this limp new sitcom, which can't even seem to find the most obvious laughs. **Josh Zuckerman** plays Nate, a successful young restaurateur who discovers that his best friend, Jimmy (**Nathaniel Bucolic**), is having an affair with his sexy mom, Lydia (**Krista Allen**). And that is the sum total of the joke to this show: that Jimmy and Lydia can't keep their hands off each other, which makes Nate cringe. Every time. But "Eww, gross" is not a punch line, not even when you repeat it a dozen times in a single episode. For variation, there's **Jonathan Silverman** as Nate's father, a cad who never signed the divorce papers and wants his wife back. These aren't characters; they're character types for whom two dimensions would be a stretch. ★★★★★

The outspoken actress contends with her crazy crew on her hit reality show!

LIFE is never dull for Brooklyn-born actress **Leah Remini**, and on the second season of her hit reality series, *It's All Relative*, the stunning star and her posse of family and friends give the boys from *Entourage* a run for their money. So far this season, with help from pal **Chelsea Handler**, she's given her assistant **Raffy** some much-needed dating advice — and taken him on a back-waxing trip; watched mom **Vicki** go skydiving; and dealt with the fallout from her recent departure from Scientology. Next up for the family-friendly series: Her husband, **Angelo**, directs a goofy local commercial for his restaurant, *Vivian's*, Leah embarks on a voice-over career with hilariously mixed results and, on a very emotional episode, plans a memorial service for her beloved dog **Blue** after he passes away at 15. But making matters a little less mournful for the former *King of Queens* star is her adorable 11-year-old daughter, **Sofia**, who opens a lemonade stand in **Blue's** honor to raise money for a dog-rescue charity. CAPRICORN

DEC. 22–JAN. 19

Don't give up; the best really is yet to come. Love can be passionate, and it is possible to move a relationship to a more stable phase — take heed of your heart.

AQUARIUS

JAN. 20–FEB. 18

PISCES

FEB. 19–MARCH 20

If you've missed out on love, the good news is that Cupid is heading your way! But for now, stay focused on work. It's easy to get distracted, so be strict about your time management and who you deal with. Don't neglect your health.

TAURUS

APRIL 20–MAY 20

Home and family are hot with activity. If you've been waiting for change, you're in luck: Something fabulous can come through for you now. But be prepared to compromise; a loved one may not see a situation exactly as you do.

GEMINI

MAY 21–JUNE 20

A situation at work has the possibility of being very good financially. You are a quick thinker and sharp operator, so don't just take someone else's word, do your own research as well. After all, your decisions are your responsibility.

CANCER

This is a perfect time to review how to manage your money. If you get an influx of cash, put it to good use — resist the urge to splurge. The key to getting ahead at work is teamwork. Don't let money come between you and your soul mate.

MOSTLY B: You love all snacks and indulge in your favorites. This reveals your passionate nature in all things — especially romance! You have a warm, demonstrative personality that spells sex appeal. You love big hugs and kisses — giving and receiving.

Amanda's HEALTHY NEW LOOK!

IT'S been a rough road for actress Amanda Bynes the last few years, with arrests and erratic behavior stemming from drug use and mental illness. But after months of her latest treatment, she appeared in public looking better than ever while attending designer Michael Costello's Pre-Fall Capsule Collection Party in Los Angeles on July 23. Former *Project Runway* contestant Costello was as surprised as anyone that she showed up, saying, "I had no idea Amanda was such a huge, huge fan of my work. She was really cool and was supernice, and we talked a lot about fashion!"

Mystery Ring!

What's Katie Holmes trying to hide? On her way into *Good Morning America* on July 22, she sported a ring on her ring finger but took it off for her interview to promote her role on the new season of *Ray Donovan*. Her switcheroo led many to believe that rumored boyfriend Jamie Foxx popped the question and she's not ready to publicize it. Why else would she wear a ring on *that* finger, and why take it off? Katie, please call our tip hotline and let us know!

We round up the week's best, worst and downright strange.

* Most Outrageous Closet

Mariah Carey gave fans a peek inside her favorite room in her New York City penthouse apartment: the closet, which houses "almost 1,000 pairs of shoes," according to the singer. There are 24 shelves dedicated to Mimi's gold heels alone!

WHOA!

* Sausiest Side-By-Side Comparison

According to the hilarious pic Wilmer Valderrama posted on Facebook, the *That '70s Show* star had the sexy bustier look down way before girlfriend Demi Lovato. That said, we can't decide who wore it best!

LOOK ALIVE!

* WORST-KEPT SECRET

Spoiler alert: Jon Snow...lives? On July 21, an eagle-eyed, iPhone-wielding fan spotted Kit Harington (and his trademark locks) in Belfast, Ireland, where *Game of Thrones* is currently filming its sixth season.

HOW RUDE!

* WORST PARKING JOB

No valet, no problem. On July 21, Kris Jenner and daughter Kourtney Kardashian decided to illegally park their luxury cars in the handicap-designated spots at Jinky's Kanan Café in Agoura Hills, Calif. — an offense that's punishable by a fine ranging anywhere from \$250 to \$1,000!

* Cheekiest Snapshot

Full moon alert! *Sports Illustrated* Swimsuit Edition cover girl Nina Agdal dared to bare her sun-kissed derriere — thanks in part to a not-so-strategically placed white comforter. The model posted the July 22 picture herself on social media, dubbing it the "#kangaroopose."
